EXPERIENCE PROFILE

- GFL ENVIRONMENTAL INC.** Jan 2023 – Present
Accounts Receivable Specialist
 - Analyzed SSRS reports to ensure accurate payment postings and implemented necessary corrections based on in depth investigation of credit balances and payment discrepancies.
 - Ensured postings hit the correct General Ledger and sub-ledger accounts using Workday Finance and performed required actions to correct inconsistencies.
 - Implemented and performed ongoing maintenance of financial models for forecasting and month-end reporting.
 - Enhanced process efficiency by developing and successfully implementing automation processes using 50+ complex Excel formulas and macros that saved about 20 man-hours per week – this strategic finance initiative efficiently converted raw Kyriba bank statements to everyday usable financial records such as company General Ledger, Branch Deposit Entry sheet, Refunds Entry sheet and other statements by efficiently filtering, segregating, sorting and allocating big financial data within a significantly reduced time frame.
 - Reviewed and guided both internal and third-party cash managers on complex intercompany transactions and allocations across entities.
 - Resolved 200+ emails per week on queries related to payment transactions and distributions.
 - Prepared and maintained consolidated records of transactions/corrections.
 - Coordinated with analysts, cash team, accounts receivables team, collection specialists, and other internal departments to determine challenges and presented insights to senior leadership for effective decision making.
 - Fostered cross-functional communication with East- Central- West- Canada and USA entities to understand the transforming business processes and adapt to changes as the company evolved.
 - Provided onboarding and skill enhancement training to finance professionals to ensure work efficiency and accuracy.
 - Provided extended support during month-ends, quarterly closures and whenever needed and consistently demonstrated a commitment to accuracy and compliance in fast-paced environments across diverse industries.
- THOMPSON RIVERS UNIVERSITY** Jan 2022 – Dec 2022
Assistant Researcher - Department of Marketing
 - Devised strategic business models to enhance business operations & financial efficiency
 - Utilized big data marketing analytics tools to infer, investigate and forecast trends
 - Scheduled monthly targets and created monthly ad-hoc project reports.
 - Achieved 205 hours of research analyst experience.**Assistant Instructor [Logistics-Procurement | Advanced Supply Chain | Marketing Management]**
 - Co-supervised 5 business projects on big data analytics with Deans of marketing and supply chain management departments.
 - Ensured project quality compliance by providing constructive timely feedback.
 - Created weekly performance reports and guided over 100 Supply Chain/Marketing majors & MBA graduates
 - Performed quality grading for 20 supply chain project presentations.
 - Coordinated over 15 case discussions and derived innovative management solutions.
 - Represented the departments in 5 inter-university conventions.
- VIGNESH CLINIC** Sep 2018 – Dec 2019
Communication Specialist
 - Devised short- and long-term management plans for over 1,500 clients.
 - Fostered interdepartmental communication to enhance service quality.
 - Ensured user-acceptance through product validation & quality assurance.
 - Coordinated over 4 audience-specific awareness programs for sales promotion.
 - Maintained highly positive client relationships.
- MERF-ISH (P) LTD.** Aug 2014 – July 2018
Assistant Research Scholar
